- ◆ There are 417 Non Workers (58%).
- ◆ Further the children below 6 years of age are 73 of which 43 are males and 30 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT KATTIAMPANDAL VILLAGE:

*To the Directors of the Abba Drinking Water Project, In our village there are about 180 families. But we have had a big problem with getting clean drinking water for our villagers. In the right time your organization came up and volunteered to help our villagers by drilling a Bore well. Today by your grace we have a deep borewell, pumping motor and a big water tank with taps. Our villagers are so blessed to have clean and safe drinking water for drinking and cooking. And we are so thankful and happy. We thank you from the bottom of our hearts.*

#### ABBA DRINKING WATER TANK AT ALANJERI VILLAGE BENEFITS OVER 684 PEOPLE.

Alanjeri is a village in the Uthiramerur sub district/tehsil/taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Alanjeri village is 684 as per the survey of census by Indian Government.

- ◆ There are 354 Non Workers (52%).
- ◆ Further the children below 6 years of age are 75 of which 40 are males and 35 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT ALANJERI VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our village is full of Dalit people living our houses are not beautiful or strong we only have huts are made out of mud clay and key. There is no proper toilet facility in our village, so our villagers use the bushes and so we use the water that is in the ponds for cleaning ourselves. But unfortunately we had been using the same water from the same ponds for drinking purpose aswell, which had caused several time severe deceases, but we never had an option. And in the peak of summer for about a 60 days in a year even our pond gets dried up.*

*At such critical situation our villagers suffer a lot because of scarcity of drinking and cleaning water. In this crucial time Abba drinking water project people came to our village and freely helped us to drill a bore well and fix a water tank with taps and also fixed up a water pumping motor. This project completely changed our sorrow and pain into Joy. we are so happy and thankful to have a safe life with safe and clean drinking water because of Abba Drinking Water Project.*

## ABBA DRINKING WATER TANK AT NERKUNDRAM VILLAGE BENEFITS OVER 624 PEOPLE.

Nerkundram is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

- ◆ There are 162 House Holds in Nerkundram.
- ◆ There are 302 males (48%);
- ◆ There are 322 females (52%).
- ◆ Literates in Nerkundram are 341 (55%);
- ◆ There are 283 total Illiterates (45%).
- ◆ Workers are 337 (54%).
- ◆ There are 287 Non Workers (46%).
- ◆ Further the children below 6 years of age are 80 of which 45 are males and 35 are females.

## LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT NERKUNDRAM VIL-LAGE:

*To the Directors of the Abba Drinking Water Project, First of all Thank you for your kindness for coming over to our remote village, which is ignored by the people of other society. Because we are low in caste as we are snake catchers. We don't have any proper drinking water facility in our village we had suffered a lot due to this problem. Many times because of poverty our villagers could only afford to eat tree roots and rats in fields as other food is expensive for our financial income. Most of our village children are very unhealthy and malnutrition. And our village has many record of early death because of unclean drinking water and food scarcity. But now the story has changed and there has come a historical change in our village which none of the government authorities did but Abba Drinking Water Project, has done for us. We are all ever grateful to you for considering us and coming to our village to give us life. Thank you very Much.*

#### ABBA DRINKING WATER TANK AT ORAKKATTUPETTAI VILLAGE BENEFITS OVER 744 PEOPLE.

Orakkattupettai is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Orakkattupettai village is 744 as per the survey of census by Indian Government.

- ◆ There are 201 House Holds in Orakkattupettai.
- ◆ There are 368 males (49%);
- ◆ There are 376 females (51%).
- ◆ Literates in Orakkattupettai are 567 (76%);
- ◆ There are 177 total Illiterates (24%).
- ◆ Literates are 567 (76%)
- ◆ Workers are 290 (39%).
- ◆ There are 454 Non Workers (61%).
- ◆ Further the children below 6 years of age are 86 of which 42 are males and 44 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT ORAKKATTUPETTAI VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our village is situated very far away from other villages. None of the Government authorities did anything to help us in any situations. Our villagers are people from low caste so we have not been allowed to live in other towns and cities.*

*As our village has no lake or pond our villagers have to walk for long distance to get water for drinking, cooking and washing. Wild animals attack Many times our villagers as they go up and down to fetch water from far away places. Our village does not have many trees or even many animals because of the water shortage. But we are forced to live there because we have no other place. At this junction Abba Drinking Water Project came to our village without discriminating us regarding caste or creed. With so much compassion the team drilled a deep borewell in our village and fixed up a water tank and fixed a water pumping motor. It all looked like a big cinema happening but to our surprise it is true and today we and our children are all so blessed even at this very hot summer our village gets clean drinking water. We have no words to express our gratitude. Abba Drinking WaterProject has saved our lives and our future generation. We are ever grateful to you for giving us clean, safe, good, healthy future.*

### ABBA DRINKING WATER TANK AT PAZHAVERI VILLAGE BENEFITS OVER 727 PEOPLE.

Pazhaveri is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. The population in Pazhaveri village is 727 as per the survey of census by Indian Government.

- ◆ There are 191 House Holds in Pazhaveri.
- ◆ There are 362 males (50%);
- ◆ There are 365 females (50%).
- ◆ Literates in Pazhaveri are 477 (66%).
- ◆ There are 250 total Illiterates (34%).
- ◆ Workers are 264 (36%).
- ◆ There are 463 Non Workers (64%).
- ◆ Further the children below 6 years of age are 76 of which 36 are males and 40 are females.

### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT PAZHAVERI VILLAGE:

*To the Directors of the Abba Drinking Water Project, Thank you very much for your kindness to choose our village as a beneficiary village of the Drinking water project. Most of our villagers are dalits and we have not got not many benefits from any governmental authorities. But the Abba Drinking Water Project came to our village, we are very thankful. Our village is by the state highway and there are many houses in our village. For past two years there has been very less rainfall in our area and that has caused major water problem. And we were in middle of this water scarcity the Abba Drinking Water Project came as a blessing to us. Thank very much today many of our people, children and animals are alive and healthy because of Abba Drinking Water Project thank once again for solving our problem and giving a clean drinking water by drilling a deep borewell and fixing a water tank and pumping motor.*

#### ABBA DRINKING WATER TANK AT MARUDHAM VILLAGE BENEFITS OVER 1893 PEOPLE.

- ◆ There are 473 House Holds in Marudham.
- ◆ There are 950 males (50%);
- ◆ There are 943 females (50%).
- ◆ Literates in Marudham are 1,345 (71%).
- ◆ There are 548 total Illiterates (29% ).
- ◆ Workers are 1,118 (59%). #
- ◆ There are 775 Non Workers (41%).
- ◆ Further the children below 6 years of age are 115 of which 62 are males and 53 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS #

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT MARUTHAM VILLAGE:

*To the Directors of the Abba Deinking Water Project, our first Thanks to the Sponsors of this great life giving project.*

*Our village is somewhat ignored by the society. Because we are dalit people live in this village. We don't have proper road and proper basic facilities. And mainly we don't have proper clean drinking water facility. We always had to travel long distances to get water from a well situated far away. The well has got very deep and it is always a challenge to draw water from that well. Our villagers have to walk to and back all the way every day for water. Even to our cows had no proper food and water to yield milk. But the team from Abba Deinking Water Project came with much compassion and kindness and freely and generously drilled a deep bore well more than 120 meters, all our villagers were a bit disappointed in the beginning because the first 40 meters it water only hard rock but the Abba Deinking Water Project team never gave up they drilled deeper and deeper all the way till 120 meters and the water today flows non stop it such a sweet drinking water. Millions of thanks to the team members and the Sponsors of this this great life giving mission. Our village is blessed with a bore well, water tank and pumping motor all because of Abba Deinking Water Project. Thank You.*

- ◆ Further the children below 6 years of age are 2,554 of which 1,332 are males and 1,222 are females.

### LETTER OF THANKS WITH APPRECIATION FROM THE TOWN LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT UTHIRAMERUR TOWN:

*To the Directors of the Abba Drinking Water Project,*

*In our village there are lot of children population. Recently for the past three years we are facing extreme water scarcity. The pond has dried up and the government water that comes twice in a week is not sufficient for all our needs. Cooking, drinking, washing, bathing has become a big task. Children find it hard to go to school without water and always our children fall sick due to dehydration. The summer season has made things worse and drinking water from the contaminated pond has caused health issues to all our children.*

*Now after the Abba Drinking Water Project coming to our village all our problems have got solved. We are all able to get clean and fresh drinking water for all our daily purposes. Children are growing better everyday and are happily going to school. We thank you for making us see life towards the brighter side. We salute you for the good heart that you have to serve us.*

#### ABBA DRINKING WATER TANK AT MALAYANKULAM VILLAGE BENEFITS OVER 2390 PEOPLE.

- ◆ There are 450 females (48%).
- ◆ Literates in Porpandal are 640 (68%);
- ◆ There are 301 total Illiterates (32%).
- ◆ Workers are 483 (51%).
- ◆ There are 458 Non Workers (49%).
- ◆ Further the children below 6 years of age are 95 of which 59 are males and 36 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT PORPANDAL VILLAGE:

*To the Directors of the Abba Drinking Water Project, Thank you for coming to our village and donating us this great blessing of the Drinking water borwell and water tank with motor pump. Though our village is in such a remote region your team came here with much compassion on us. All our villagers are dalit and poor families our main profession it to climb up trees to clean the tree from insects and deceases. So our families are too poor and our voices were never heard to the government authorities. So everyday when our people get back home they bring water in big cans for drinking purpose but today Abba Drinking Water Project has changed our situation completely. Today our village owns a borewell, water tank and a motor to pump up the water. Thank you very much for your kindness.*

#### ABBA DRINKING WATER TANK AT EDAMICHI VILLAGE BENEFITS OVER 1414 PEOPLE.

Edamichi is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. The population in Edamichi village is 1,414 as per the survey of census by Indian Government.

- ◆ There are 701 males (50%);
- ◆ There are 713 females (50%).
- ◆ Literates in Edamichi are 1,021 (72%);
- ◆ There are 393 total Illiterates (28%).
- ◆ Workers are 637 (45%).
- ◆ There are 777 Non Workers (55%).
- ◆ Further the children below 6 years of age are 132 of which 63 are males and 69 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT EDAMICHI VILLAGE:

*To the Directors of the Abba Drinking Water Project, As you know our village is situated by the banks of the drainage canal. Our people are very poor in status as we are all daily wage earners. All these years we have never been able to drill a bore well but it was dream to have a bore well for the clean drinking water for our people and children. But the Abba Drinking Water Project team came like an answer from God to us and offered to drill a bore well and build a water tank platform and fix a motor and distribute water for free, It all seemed like a dream but at last for our surprise it was true. Today our village and our children have access to clean drinking water. This is the best thing that has ever happened to our village. Thank to all the leaders of Abba Drinking Water Project for choosing our village.*

#### ABBA DRINKING WATER TANK AT EDAYAMBUDUR VILLAGE BENEFITS OVER 1304 PEOPLE.

Edayambudur is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Edayambudur village is 1,304 as per the survey of census by Indian Government.

- ◆ There are 313 House Holds in Edayambudur.
- ◆ There are 678 males (52%);
- ◆ There are 626 females (48%).
- ◆ Literates in Edayambudur are 806 (62%).
- ◆ There are 498 total Illiterates (38%).
- ◆ Workers are 668 (51%).
- ◆ There are 636 Non Workers (49%).
- ◆ Further the children below 6 years of age are 184 of which 117 are males and 67 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT EDAYAMBUDUR VILLAGE:

*To the Directors of the Abba Drinking Water Project, As you know for the past few years we had no proper drinking water in our village. It was a challenge to drink good water and to cook healthy food. All our children were getting weak day by day. We always buy food for a cheap price on the roadsides but all this only affected our health condition.*

*Now that we have bore water facility, we are able to get good drinking water and use the water for cooking and washing.*

*This water facility has really helped us so much and our children are getting healthier day by day. We thank you from deed down from our hearts.*

**ABBA DRINKING WATER TANK AT PENNALUR VILLAGE BENEFITS OVER 1139 PEOPLE.** Pennalur is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. The population in Pennalur village is 1,139 as per the survey of census by Indian Government.

- ◆ There are 303 House Holds in Pennalur.
- ◆ There are 556 males (49%)
- ◆ There are 583 females (51%).
- ◆ Literates in Pennalur are 687 (60%).
- ◆ There are 452 total Illiterates (40%).
- ◆ Workers are 507 (45%).
- ◆ There are 632 Non Workers (55%).
- ◆ Further the children below 6 years of age are 101 of which 48 are males and 53 are females.

**LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS**  
FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT PENNALUR VILLAGE:

*To the Directors of the Abba Drinking Water Project , Today by your grace we have a deep borewell, pumping motor and a big water tank with taps. Our villagers are so blessed to have clean and safe drinking water because earlier our villagers have to fetch water from the common well, which is in the outskirts of our village. But because the well is very wide and deep and accessible by outsiders from the village, we have had many occasion drunken people falling into the well by accident and have died. Atleast three times in year we would have this problem. But we had to anyway use that water for drinking, cooking and cleaning from the next day. We have had several problems physically and mentally due to these issues. But today because of Abba Drinking Water Project our problems are solved and we have access to clean drinking water. Thank You Abba.*

### ABBA DRINKING WATER TANK AT PALESWARAM VILLAGE BENEFITS OVER 802 PEOPLE.

Paleswaram is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. The population in Paleswaram village is 802 as per the survey of census by Indian Government.

- There are 205 House Holds in Paleswaram.
- There are 400 males (50%)
- There are 402 females (50%).
- Literates in Paleswaram are 450 (56%).
- There are 352 total Illiterates (44% ).
- Workers are 401 (50%).
- There are 401 Non Workers (50%).
- Further the children below 6 years of age are 106 of which 52 are males and 54 are females.

### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT PALESWARAM VILLAGE:

*To the Directors of the Abba Drinking Water Project our village had a water pump fixed more than 20 years ago. But the water has become very salty and the pump has become very old and has got rusted and it was not in usable condition anymore. Our people had to walk long distances to fetch water. But we really appreciate the team of Abba Drinking Water Project came to our village with a open mind to help our village without demanding any returns. Our village got the privilege of having a brand new Borewell drilled and a Tank fixed along with the electric motor pump. The water is sweet and drinkable all the women in our village are happy that they need not walk long distance to fetch water. Today we have 24 hours access to clean drinking water. Thank you so much for changing our hard life in to a happy Life.*

**ABBA DRINKING WATER TANK AT THINAYAMPOONDI VILLAGE BENEFITS OVER 1103 PEOPLE.**

Thinayampoondi is a village in the Uthiramerur sub district/tehsil/taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Thinayampoondi village is 1,103 as per the survey of census by Indian Government.

- ◆ There are 262 House Holds in Thinayampoondi.
- ◆ There are 571 males (52%);
- ◆ There are 532 females (48%).
- ◆ Literates in Thinayampoondi are 706 (64%);
- ◆ There are 397 total Illiterates (36%).
- ◆ Workers are 687 (62%).
- ◆ There are 416 Non Workers (38%).
- ◆ Further the children below 6 years of age are 151 of which 81 are males and 70 are females.

**LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS**

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT THINAYAMPOONDI VILLAGE:

*To the Directors of the Abba Drinking Water Project, As you know our village has no lake or ponds and this makes it even more worse for us to get water to use for all our needs. So the men and women walk a long way to fetch water. Since our people are low in caste and rejected by the society even to fetch water from other towns there is only a particular time that we are allowed to fetch water.*

*This has been a never-ending problem and our people always lived under pressure.*

*But people from Abba Drinking Water Project came to our society to do good for us. We are deeply touched and we are all thankful that we are now able to get water in our own village. Though it has caused much anger in sight of the high caste people thanks to Abba Drinking Water Project for bringing this miracle to our village. Today our village has a borewell and a tank with a motorized pumping machine.*

*Thank you and here afterwards we need not face any struggle to get water. Thank you once again.*

## ABBA DRINKING WATER TANK AT THOTTANAVAL VILLAGE BENEFITS OVER 660 PEOPLE.

Thottanaval is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. The population in Thottanaval village is 660 as per the survey of census by Indian Government.

## LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT THOTTANAVAL VILLAGE:

To the Directors of the Abba Drinking Water Project, First of all Thank you for your kindness for coming over to our village . Our village has experienced a complete transformation because of the Abba Drinking Water Project. Once upon a time our village had a big well with plenty of water but because of the unusual delay in rainfall the well in our village dried-up and our villagers had great difficulties in getting access to drinking water. But today our people, children and animals are well and healthy because of Abba Drinking Water Project thank once again for transforming our village and giving a clean drinking water by drilling a deep bore well and fixing a water tank and pumping motor. We are ever grateful to you.

#### ABBA DRINKING WATER TANK AT KUNNAVAKKAM VILLAGE BENEFITS OVER 955 PEOPLE.

Kunnavakkam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

- ◆ Literates in Puliyur are 546 (72%).
- ◆ There are 209 total Illiterates (28%).
- ◆ Workers are 299 (40%).
- ◆ There are 456 Non Workers (60%).
- ◆ Further the children below 6 years of age are 67 of which 36 are males and 31 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT PULIYUR VILLAGE:

*To the Directors of the Abba Drinking Water Project, First of all Thank you choosing our village to benefit from your Abba Drinking Water Project and thank you for drilling about 120 meters deep bore well in our village and fixing a big tank and fixing the plumbing pipes and electric motor pump all this for free. This is what our villagers still are amazed about. Your team came as an answer to many of our problems. Our village has access to a Manuel pumping bore well but because the bore well was not deep we could only get few cans of water in a day. So our villagers had to always walk for water to other villages that had access to pond water. But that pond water was not always clean, many times our children used to get sickness and we have also lost many babies and children because of contaminated water. But today our village has access to clean drinking water 24 hours a day and we can use it for all our daily purposes. Life is really become happy healthier because of good hearted people like you. Thank you once again for choosing our village.*

#### ABBA DRINKING WATER TANK AT PANDAVAKKAM VILLAGE BENEFITS OVER 220 PEOPLE.

Pandavakkam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Pandavakkam village is 220 as per the survey of census by Indian Government.

- ◆ There are 53 House Holds in Pandavakkam.
- ◆ There are 114 males (52%);
- ◆ There are 106 females (48%).
- ◆ Literates in Pandavakkam are 127 (58%);
- ◆ There are 93 total Illiterates (42% ).
- ◆ Workers are 125 (57%).
- ◆ There are 95 Non Workers (43%).
- ◆ Further the children below 6 years of age are 18 of which 9 are males and 9 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT PANDAVAKKAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, Thank you for choosing our village to drill a bore well and fix water tank along with a pumping motor. Our village is a very poor village with huts of dalit families. An our village has too many children below the age of 10. Our village had never had borewell before. We only had a pond in our village, which was the only source of water, but because it is the only water source all villagers use the same water for all-purpose and many times we have had severe outbreak of viral diseases caused by contaminated water. And we have also lost many of little children due to this problem.*

*But today Abba Drinking Water Project has brought a New Hope to our future and we are so thankful giving us the blessing of water in our own village.*

#### ABBA DRINKING WATER TANK AT OZHUGARAI VILLAGE BENEFITS OVER 1240 PEOPLE.

- ◆ There are 613 males (49%);
- ◆ There are 627 females (51%).
- ◆ Literates in Ozhugarai are 697 (56%).
- ◆ There are 543 total Illiterates (44% ).
- ◆ Workers are 544 (44%).
- ◆ There are 696 Non Workers (56%).
- ◆ Further the children below 6 years of age are 132 of which 61 are males and 71 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT OZHUGARAI VILLAGE:

*To the Directors of the Abba Drinking Water Project, As you know our village is a very small village with main poor people and most of us are daily wage earners. So our village was never considered to be benefited through any governmental projects. So our villagers used to walk many kilometers to fetch water from the well in another villages. But many times our village girls get into trouble with other villagers when they find them alone fetching water. So we have had problem as routine. But there was no choice we had to live anyway because we are poor and low caste.*

*But Abba drinking water project people came to our village and enquired about our need and they freely and immediately helped us to drill a bore well and fix a water tank with taps and also fixed up a water pumping motor. Today Our villagers are so blessed to have clean and safe drinking water for drinking all at our own village. We are so thankful to you.*

#### ABBA DRINKING WATER TANK AT PULIVOY VILLAGE BENEFITS OVER 491 PEOPLE.

Pulivoy is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. The population in Pulivoy village is 491 as per the survey of census by Indian Government.

- ◆ There are 128 House Holds in Pulivoy.
- ◆ There are 237 males (48%);
- ◆ There are 254 females (52%).
- ◆ Literates in Pulivoy are 324 (66%);
- ◆ There are 167 total Illiterates (34%).
- ◆ Workers are 279 (57%).
- ◆ There are 212 Non Workers (43%).
- ◆ Further the children below 6 years of age are 48 of which 16 are males and 32 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT PULIVOY VILLAGE:

*To the Directors of the Abba Drinking Water Project , Our village is situated on the highway to uthiramerur town. There are no ponds or lakes in our village. The only supply of drinking water in twice a week by a lorry and each family is allowed to get two buckets of drinking water twice a week. That is four buckets of water all together for one full week. For all other washing and cleaning purpose we had to walk for few kilometer to fetch the water. Life was very hard for our villagers. In this crucial time Abba drinking water project people came to our village and freely helped us to drill a bore well and fix a water tank with taps and also fixed up a water pumping motor. Thank you millions for the concern and compassion that you have showed towards our village.*

**ABBA DRINKING WATER TANK AT POONTHANDALAM VILLAGE BENEFITS OVER 559 PEOPLE.**  
PoonthandalamisavillageintheUthiramerurtaluk,Kancheepuram district,inthestateofTamilNadu.  
The population in Poonthandalam village is 559 as per the survey of census by Indian Government.

- ◆ There are 148 House Holds in Poonthandalam.
- ◆ There are 282 males (50%);
- ◆ There are 277 females (50%).
- ◆ Literates in Poonthandalam are 358 (64%).;
- ◆ There are 201 total Illiterates (36% ).
- ◆ Workers are 239 (43%).
- ◆ There are 320 Non Workers (57%).
- ◆ Further the children below 6 years of age are 62 of which 30 are males and 32 are females.

**LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS**  
FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT POONTHANDALAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, We have to first let you know how miserable our lives were before this Abba Drinking WaterProject team came into our village. Our village had no access to clean drinking water, our villagers had to everyday walk for long distances to fetch clean drinking water for each family and many times we had stand in long line to get our chance to get one bucket of water. In the summer it used to be very painful as many of our villagers would fall fainted by the heat of the day and carrying the heavy load of water for the families. In middle of our miserable life Abba Drinking Water Project team came to our village and preached about the Love of Jesus and they wanted to express that Love in action by donating our village a complete solution for our drinking water problem. Initially very few of our villagers believed them but within a week the team came back with a big drilling lorry and prayed for the water to come in miracle and started the drilling at about 80 meters water started to gush out and they drilled 110 meters deep and constructed a platform for the water tank and fixed a electric motor to pump the water from the bore well to the tank. In a week our entire life style was changed. What a transformation. Thank you Abba Drinking Water Project for realizing our need and helping us in the right time.*

#### ABBA DRINKING WATER TANK AT KADALMANGALAM VILLAGE BENEFITS OVER 890 PEOPLE.

Kadalmangalam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. The population in Kadalmangalam village is 890 as per the survey of census by Indian Government.

- ◆ There are 231 House Holds in Kadalmangalam.
- ◆ There are 431 males (48%)
- ◆ There are 459 females (52%).
- ◆ Literates in Kadalmangalam are 579 (65%).
- ◆ There are 311 total Illiterates (35%).
- ◆ Workers are 542 (61%).
- ◆ There are 348 Non Workers (39%).
- ◆ Further the children below 6 years of age are 84 of which 38 are males and 46 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT KADALMANGALAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our entire village is thankful to Abba Drinking Water Project for your kindness for coming over to our remote village, which is so far away from the town and forgotten by the government authorities. Our village never had access to clean drinking water we used to fetch water from a near by lake and its water is used animals and as well by human for all purposes, So many times our children have had diarrhea and other diseases because of unclean water. In this crucial time Abba drinking water project people came to our village and freely helped us to drill a borewell and fix a water tank with taps and also fixed up a water pumping motor. Today our entire village had access to clean and hygienic drinking water all because of Abba Drinking Water Project. Thank you for your Kindness and care for poor and underprivileged.*

#### ABBA DRINKING WATER TANK AT MAMBUDUR VILLAGE BENEFITS OVER 296 PEOPLE.

Mambudur is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. The population in Mambudur village is 296 as per the survey of census by Indian Government.

- ◆ There are 78 House Holds in Mambudur.
- ◆ There are 164 males (55%);
- ◆ There are 132 females (45%).
- ◆ Literates in Mambudur are 204 (69%).
- ◆ There are 92 total Illiterates (31%).
- ◆ Workers are 133 (45%).
- ◆ There are 163 Non Workers (55%).
- ◆ Further the children below 6 years of age are 19 of which 14 are males and 5 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT MAMBUDUR VILLAGE:

*To the Directors of the Abba Drinking Water Project, The people in our village are always being ignored by the society as we are dalits. This village is fully surrounded by thorns. There is a pond in our village for so many years and the people use the same water from the pond for all purposes. They use it for cooking, washing, drinking and also for toilet purpose as well. The government did not take any action in our village to help us have access to clean drinking water.*

*Because of this unhygienic water many times children were getting sick and affected by skin rashes, dandruff also other kinds of diseases. But in midst of our ignored situation Abba Drinking Water Project came as a healing and freely helped our village to have a deep borewell and a high raise tank with a motorized support. Now the situation of our village has changed dramatically all our villagers get good and clean water and our children are no more getting sick and we stopped using to drink the pond water. When we look back to our situation we see that we have been ignored so badly that we had to drink the same water along with the animals and the same water which had animal and human excretion. Today Abba Drinking Water Project has made us feel valuable humans. Thank you millions to Abba Drinking Water Project our deepest gratitude to you all.*

#### ABBA DRINKING WATER TANK AT MAMBAKKAM VILLAGE BENEFITS OVER 627 PEOPLE.

Mambakkam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Mambakkam village is 627 as per the survey of census by Indian Government.

- ◆ There are 156 House Holds in Mambakkam.
- ◆ There are 311 males (50%);
- ◆ There are 316 females (50%).
- ◆ Literates in Mambakkam are 385 (61%).;
- ◆ There are 242 total Illiterates (39%).
- ◆ Workers are 294 (47%).
- ◆ There are 333 Non Workers (53%).
- ◆ Further the children below 6 years of age are 68 of which 37 are males and 31 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT MAMBAKKAM VILLAGE:

*To the Directors of the Abba Dringking Water Project Our village is aside of the main villages. All the people here are in to climbing trees for a living. We climb up very high trees to treat the tree with medicine to prevent from insects and diseases. Our women here make baskets out of bamboo. But drinking water has always been a problem to get. The pond has dries up most months of the year because of the extreme heat. The little water in the pond is insufficient and has become so unclean.*

*Your organization came forward with a kind heart to drill the bore which was just unimaginable. Now there is surplus of water and our people need not go in search of water. Through the Abba Dringking Water Project our village now has a deep borewell, pumping motor and a big water tank with taps.*

#### ABBA DRINKING WATER TANK AT KANNIKULAM VILLAGE BENEFITS OVER 727 PEOPLE.

- ◆ There are 172 House Holds in Kannikulam.
- ◆ There are 372 males (51%)
- ◆ There are 355 females (49%).
- ◆ Literates in Kannikulam are 453 (62%).
- ◆ There are 274 total Illiterates (38%).
- ◆ Workers are 265 (36%).
- ◆ There are 462 Non Workers (64%).
- ◆ Further the children below 6 years of age are 82 of which 47 are males and 35 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT KANNIKULAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, In our village there are many small huts. Many people live here but there is extreme water scarcity. Water shortage for drinking, cooking and washing is a major problem.*

*We came to know that Abba Drinking Water Project was helping poor villages to drill borewell.*

*So we went to Abba Drinking Water Project team with our request and they were so kind enough to look into our request and now our village has a borewell. Thank you for your speedy reply towards our plea. We really appreciate you for doing this, which is the need of the hour.*

*Thank you for selecting the right place to put the bore well.*

*All our village people are so overjoyed to see water come from our own land. Now we have no difficulty in getting water for all our daily needs.*

#### ABBA DRINKING WATER TANK AT CHINNALAMBADI VILLAGE BENEFITS OVER 434 PEOPLE.

Chinnalambadi is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Chinnalambadi village is 434 as per the survey of census by Indian Government.

- ◆ There are 110 House Holds in Chinnalambadi.
- ◆ There are 227 males (52%)

- ◆ There are 160 total Illiterates (37%).
- ◆ Workers are 129 (30%).
- ◆ There are 305 Non Workers (70%).
- ◆ Further the children below 6 years of age are 38 of which 20 are males and 18 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT CHINNALAMBADI VILLAGE:

*To the Directors of the Abba Drinking Water Project this village is situated right at the end of the whole taluk. This place is just filled with rocks. And this increases the heat of the place very badly. People always have been suffering to get proper water for cooking, washing, bathing and drinking.*

*We thank your organization that has come to our village to set up the bore well. Which is the need of the hour.*

*We will never forget this great help done by you to all of us. Thank you so much for helping us taste water come from our own village.*

#### ABBA DRINKING WATER TANK AT MANAMPATHY VILLAGE BENEFITS OVER 6447 PEOPLE.

Manampathy is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT VALATHODU VILLAGE:

*To the Directors of the Abba Drinking Water Project, our village is very highly populated. All the ponds around our village have become extremely polluted due to the water shortage. People use the same water for varied purpose and have contaminated the water. But without any way our people still use this water for drinking and cooking purpose and so there is lot of people suffering from cholera, typhoid and other diseases. At this great time of need AAbba Drinking WaterProject came as a gift from God. Thank you coming forward to help us. Today our village has access to clean drinking water and it is plenty of water that our eyes could not believe. Now we are all drinking and using this fresh and clean water all because of your good deed. God help you to do more in the days to come to many more such needed villages.*

#### ABBA DRINKING WATER TANK AT NADUPATTU VILLAGE BENEFITS OVER 161 PEOPLE.

- ◆ There are 75 Non Workers (47%).
- ◆ Further the children below 6 years of age are 13 of which 10 are males and 3 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT NADUPATTU VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our village has the privilege to host the government ration shop. So it's a place where people and children gather everyday but our village had only one pond from which we use to get our drinking water and there isn't a good water tank for all of us to drink water. We did not know what to do as no one looked upon our issue all these years. But when we came to know that Abba Drinking Water Project was drilling borewell for the near by villages we approached the team leaders with much hope. And they were so kind enough to listen to us and today our village is blessed with this precious water giving borewell. Thank you for considering our plea. Because of this all the children, people who are coming to the ration shop and also the women are all being benefitted.*

- ◆ Workers are 642 (45%).
- ◆ There are 782 Non Workers (55%).
- ◆ Further the children below 6 years of age are 147 of which 73 are males and 74 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT KURUMBARAI VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our village had a beautiful pond from which we got tasty water and used it all for our needs. But for the past few years it has dried up because of irregular rain fall and there is major water shortage and its only become worse everyday. Now our whole village has become dry and there is not much of greenery. We had to walk long distance to fetch water for our families to drink. In this crucial time Abba drinking water project people came to our village and asked about our need and as we explained our greatest need is clean drinking water the team prayed with the village leaders and within one month the same team returned to our village with a drilling truck and the bore well was drilled the same day more than 100 meters deep and the water was pumping out. Today our village is blessed with a bore well, water tank and pumping motor all because of Abba Drinking Water Project.*

*Today our village has become every ones attraction and all of my people are so blessed and they are so happy for the surplus of water that is now there to meet all our needs. And the villagers from neighbors villages come to fetch water we happily share with them what we got for free.*

*We thank Abba Drinking Water Project from the bottom of our hearts for making us see life at its best once again.*

#### ABBA DRINKING WATER TANK AT KATTANKULAM VILLAGE BENEFITS OVER 1028 PEOPLE.

Kattankulam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu. # The population in Kattankulam village is 1,028 as per the survey of census by Indian Government.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT KATTANKULAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our village is a place where the central market for all our surrounding villages functions. It is a place where all the people gather from various villages for different kinds of work. But there was no facility for drinking water to the people who come here. We had a well from which the water was fetched. But the Abba Drinking Wate Project team came to our village and helped us freely to drill a borewell and fix a water tank with taps and also fixed up a water pumping motor.*

*The bore well that Abba Drinking Water Project has set up is now of great value and of great use. Thank you for your thoughtfulness. Now we are able to get good and clean drinking water. All are getting benefitted out of this bore well. Thank you so much from our hearts.*

**ABBA DRINKING WATER TANK AT KAITHANDALAM VILLAGE BENEFITS OVER 644 PEOPLE.**

- ◆ Workers are 348 (54%).
- ◆ There are 296 Non Workers (46%).
- ◆ Further the children below 6 years of age are 71 of which 39 are males and 32 are females.

**LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS**

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT KAITHANDALAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our village is situated on the state highway just beside the bus terminus. People who go to work and school have to come here for their busses. But our village has no access to clean drinking water the only source of water was the pond of water which also get dried-up in summer. Our villagers have to walk for several kilometer to fetch drinking water during summer. We were so blessed to have the team of Abba Drinking Water Project visit our villagers and enquired of our needs and found the basic need was access to clean drinking water. Today our village is blessed with a deep drilled bore well, water tank and pumping motor all because of Abba Drinking Water Project. So many thousands of people are being benefitted out of this bore well. Now people and children who wait for their bus get drinking water from our village tank. Thank you so much from the bottom of our hearts.*

#### ABBA DRINKING WATER TANK AT PULLAMPAKKAM VILLAGE BENEFITS OVER 872 PEOPLE.

- ◆ There are 447 Non Workers (51%).
- ◆ Further the children below 6 years of age are 122 of which 64 are males and 58 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT PULLAMPAKKAM VILLAGE:

*To the Directors of the Abba Drinking Water Project,*

*Our village has many families and on top of it our village also hosts a government school with more than 600 children.*

*For all our villagers and the school children drinking water was always a challenge we had to fetch water from well where the water was not always clean and many children from the school would get sick often because of the unclean water. In this crucial time Abba drinking water project people came to our village and freely helped us to drill a borewell and fix a water tank with taps and also fixed up a water pumping motor. This bore well is now a great blessing to our village and for the children in the school and the people nearby are all extremely overjoyed because of this wonderful water facility. Thank you giving us good and healthy drinking water facility.*

#### ABBA DRINKING WATER TANK AT THIRUVANAIKOIL VILLAGE BENEFITS OVER 598 PEOPLE.

- ◆ Further the children below 6 years of age are 77 of which 37 are males and 40 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT THIRUVANAIKOIL VILLAGE:

*To the Directors of the Abba Drinking Water Project,*

*our village is prone to suffer from fever and stomach infection as all of us are drinking the polluted water from a small pond in the village. Since there is no other way for us to get water to meet our need, this is the only source of water. Only in the year of 2013 we lost 3 babies who died of unclean water born disease.*

*In this crucial time Abba drinking water project people came to our village and freely helped us to drill a borewell and fix a water tank with taps and also fixed up a water pumping motor. Today our villagers are able to get good and fresh drinking water to meet all our needs. Now slowly all of us are recovering from the water infection and we are all very happy. Thanks to the bore well for changing our lives.*

#### ABBA DRINKING WATER TANK AT NELVELI VILLAGE BENEFITS OVER 351 PEOPLE.

Nelveli is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Nelveli village is 351 as per the survey of census by Indian Government.

- ◆ There are 86 House Holds in Nelveli.
- ◆ There are 169 males (48%)
- ◆ There are 182 females (52%).
- ◆ Literates in Nelveli are 201 (57%).
- ◆ There are 150 total Illiterates (43% ).
- ◆ Workers are 130 (37%).
- ◆ There are 221 Non Workers (63%).
- ◆ Further the children below 6 years of age are 47 of which 22 are males and 25 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT NELVELI VILLAGE:

*To the Directors of the Abba Drinking Water Project, In our village we do not have any bore well or pond or lake. Due to the less rainfall even the one well that we had for our village has now dried up. Because of the severe heat we are all facing big problem to get water for all our needs.*

*We buy water at a very high price in trucks .*

*But in the midst of our greatest trial Abba Drinking Water Project came to us a answer from God. Thank you for coming to our village and meeting our need. We are so thankful and grateful to the bore well that you had drilled for us. We are all so happy to get water from our own earth. We are now able to see plenty of water in the bore well and all of us are satisfied now.*

*Water is now got 24 hours a day to meet all our needs. Children are in good health now. Thank you once again Abba Team.*

### ABBA DRINKING WATER TANK AT MARUTHUVAMBADI VILLAGE BENEFITS OVER 1560 PEOPLE.

Maruthuvambadi is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Maruthuvambadi village is 1,560 as per the survey of census by Indian Government.

- ◆ There are 364 House Holds in Maruthuvambadi.
- ◆ There are 784 males (50%);

- ◆ Literates in Maruthuvambadi are 991 (64%);
- ◆ There are 569 total Illiterates (36%).
- ◆ Workers are 951 (61%).
- ◆ There are 609 Non Workers (39%).
- ◆ Further the children below 6 years of age are 164 of which 79 are males and 85 are females.

LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT MARUTHUVAMBADI VILLAGE:

*To the Directors of the Abba Drinking Water Project*

*Our village is situated on rocks. It is on a high dry land. Everywhere there is only stones and rocks. The whole place is very dusty because of the quarries. There are no lakes or ponds or wells. The government water lorry brings water only twice a week. So this is never enough to meet even the basic needs of the people.*

*In this critical situation Abba Drinking Water Project came forward to help us. We saw the drilling machine take a long time to bring water out. Only smoke and stone dust was coming in the beginning of the borewell. But thanks to all your good heart that brought water finally. Now we are all so happy to get this water from our own village earth. Even the near by village people come to take water.*

#### ABBA DRINKING WATER TANK AT VAYALUR VILLAGE BENEFITS OVER 877 PEOPLE.

Vayalur is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Vayalur village is 877 as per the survey of census by Indian Government.

- ◆ Workers are 456 (52%).
- ◆ There are 421 Non Workers (48%).
- ◆ Further the children below 6 years of age are 130 of which 67 are males and 63 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT VAYALUR VILLAGE:

*To the Directors of the Abba Drinking Water Project, our village is filled farmers huts. Our only source of income is got from working in the fields. But due to the unpredictable rain fall and scorching heat in the summer the water source that we relied upon have all dried up. We were finding it very hard to get drinking water for our people. During this time of need Abba drinking water project people came to our village and freely helped us to drill a bore well and fix a water tank with taps and also fixed up a water pumping motor. Thank you for coming forward to ask our need and to fulfill it very shortly. We are all very grateful to you for this bore well. Since then we are getting plenty of water in our bore well.*

#### ABBA DRINKING WATER TANK AT KAVITHANDALAM VILLAGE BENEFITS OVER 1814 PEOPLE.

Kavithandalam is a village in the Uthiramerur Taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Kavithandalam village is 1,814 as per the survey of census by Indian Government.

- ◆ There are 461 House Holds in Kavithandalam.
- ◆ There are 904 males (50%);
- ◆ There are 910 females (50%).

- ◆ There are 611 total Illiterates (34%).
- ◆ Workers are 927 (51%).
- ◆ There are 887 Non Workers (49%).
- ◆ Further the children below 6 years of age are 198 of which 89 are males and 109 are females.

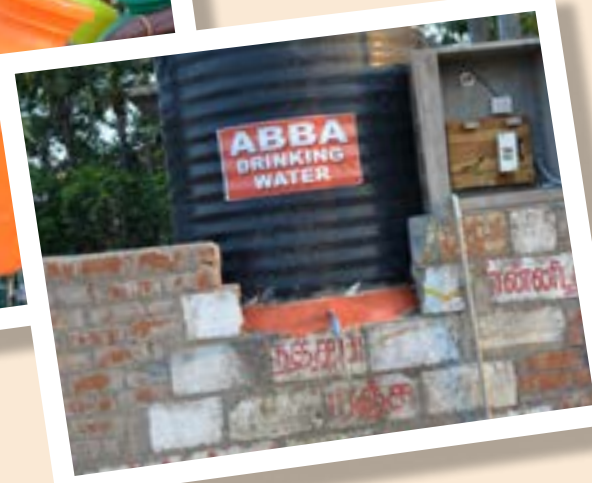

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT KAVITHANDALAM VILLAGE:

*To the Directors of the Abba Drinking Water Project,*

*All our villagers were facing a huge problem with drinking water scarcity. Due to unclean and less drinking water many of our children used to get dehydrated and many children got chicken pox and measles during the summer season. We just did not know what to do. Every house had a child that was affected. In this crucial time Abba drinking water project people came to our village and freely helped us to drill a borewell and fix a water tank with taps and also fixed up a water pumping motor. Thank you so much for coming forward to help us after knowing our situation. We are so thankful to you for the rest of our lives. Now as the bore well is installed all our children are able to have access to drink and hygienic drinking water and also have bath everyday even in this hot season and are able to eat and drink well. Thank you for changing our pathetic situation in to joy. Thank you once again.*

#### ABBA DRINKING WATER TANK AT SALAVAKKAM VILLAGE BENEFITS OVER 3311 PEOPLE.

Salavakkam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Salavakkam village is 3,311 as per the survey of census by Indian Government.

- ◆ There are 787 House Holds in Salavakkam.
- ◆ There are 1,635 males (49%)
- ◆ There are 1,676 females (51%).
- ◆ Literates in Salavakkam are 2,332 (70%).
- ◆ There are 979 total Illiterates (30% ).
- ◆ Workers are 1,429 (43%).
- ◆ There are 1,882 Non Workers (57%).
- ◆ Further the children below 6 years of age are 369 of which 195 are males and 174 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT SALAVAKKAM VILLAGE:

*To the directors of the Abba Drinking Water project, we take this time to thank you from the bottom of our hearts for setting up a bore well in our village. The people in our village collect coconut leaf and gather the sticks out of them and make broomsticks for a living. But for the past few years this has become a challenging task as the trees have all dried up due to insufficient water supply. Since it is the last summer season the only well that we all depended on has become dry and there is no water for the plants and trees and also our daily needs have become a big struggle. We are not able to earn money, as our work is not able to progress. Taking water from distant village for our drinking purpose is insufficient.*

*But the Abba Drinking Water Project team was here at the right time to help us. Because of your good will towards our village our entire life has changed. Also there is water all round the clock that satisfies all our basic and daily needs. God bless you richly for the good work of thinking about our poor village.*

#### ABBA DRINKING WATER TANK AT THALAVARAMPOONDI VILLAGE BENEFITS OVER 664 PEOPLE.

Thalavarampoondi is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Thalavarampoondi village is 664 as per the survey of census by Indian Government.

- ◆ There are 176 House Holds in Thalavarampoondi.
- ◆ There are 334 males (50%)
- ◆ There are 330 females (50%).
- ◆ Literates in Thalavarampoondi are 356 (54%).
- ◆ There are 308 total Illiterates (46% ).
- ◆ Workers are 335 (50%).
- ◆ There are 329 Non Workers (50%).
- ◆ Further the children below 6 years of age are 106 of which 54 are males and 52 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT THALAVARAMPOONDI VILLAGE:

*To the Directors of the Abba Drinking Water Project, In our village most of our villagers are very poor and we have high number of old people in our village.*

*Our villagers have not much of work to do for a daily living as they are old.*

*The water that we got from our pond has now dried up and has become contaminated.*

*So our people have to walk long way to get water for the basic needs.*

*In this crucial time Abba drinking water project people came to our village and freely helped us to drill a bore well and fix a water tank with taps and also fixed up a water pumping motor. We are so happy and thankful to Abba Drinking Water Project for coming forward to drill a bore well in our village. After the functioning of the bore well are villagers are having no water scarcity. Also our villagers have come forward to rear goats and cows for a living. Because of this surplus of water we are now able to wash, bath and cook with much happiness. Thank you so much for raising our standard of living. We will never forget your great help. Thank You Abba Team.*

#### ABBA DRINKING WATER TANK AT ODDANTHANGAL VILLAGE BENEFITS OVER 478 PEOPLE.

Oddanthangal is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Oddanthangal village is 478 as per the survey of census by Indian Government.

- ◆ There are 137 House Holds in Oddanthangal.
- ◆ There are 246 males (51%)
- ◆ There are 232 females (49%).
- ◆ Literates in Oddanthangal are 339 (71%).
- ◆ There are 139 total Illiterates (29%).
- ◆ Workers are 305 (64%).
- ◆ There are 173 Non Workers (36%).
- ◆ Further the children below 6 years of age are 34 of which 26 are males and 8 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT ODDANTHANGAL VILLAGE:

*To the Directors of the Abba Drinking Water Project, our Village is a very small village. There is no government project to help us. For every help we need to the town which is about 12 kilometers away from our village. Our village has never been given any basic facility since the beginning when our forefather started to live because we are very low in the caste.*

*But the Abba Drinking Water Project came searching our poor village. And this organization did a good and great deed that no one ever thought of doing for our villagers. We did not think that Abba team would even drill a bore well for us. As we have always been forgotten by the government for everything. But it became true what the ABBA Team promised. Our village was blessed with a bore well, water tank and pumping motor all because of Abba Drinking Water Project. We have no words to express our gratitude. We are now having clean and fresh drinking water for all our needs. So many years our village has only seen dryness but now because of Abba Drinking Water Project we see life, Thank you for changing our village.*

#### ABBA DRINKING WATER TANK AT NARIAMBAKKAM VILLAGE BENEFITS OVER 35 PEOPLE.

Nariambakkam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Nariambakkam village is 35 as per the survey of census by Indian Government.

- ◆ There are 12 House Holds in Nariambakkam.
- ◆ There are 14 males (40%)
- ◆ There are 21 females (60%).
- ◆ Literates in Nariambakkam are 24 (69%).
- ◆ There are 11 total Illiterates (31%).
- ◆ Workers are 20 (57%).
- ◆ There are 15 Non Workers (43%).
- ◆ Further the children below 6 years of age are 1 of which 1 are males and 0 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT NARIAMBAKKAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our village has quiet big number of families but all of are dalits, and because of our caste our village never got many of the government privileges. And one of the main problem we had was drinking water scarcity but we have requested so many times to government authorities to help us by sending the water lorry but all these years we have never had even once a water lorry come in to help us.*

*But the Abba Drinking Water Project team came with much concern and compassion towards our families and children. And as they promised the Abba Drinking water mission erected the borewell and tank along with a electric motorized pump. This is the first ever-good thing that has ever happened in our village. It has been an all time dream for all of us to have water come from our own village. This water is now more than enough to all our village families.*

*Thank you for enabling us to get clean and healthy water in order to live happily. We thank your organization for this wonderful project.*

#### ABBA DRINKING WATER TANK AT RETTAMANGALAM VILLAGE BENEFITS OVER 637 PEOPLE.

Rettamangalam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Rettamangalam village is 637 as per the survey of census by Indian Government.

- ◆ There are 156 House Holds in Rettamangalam.
- ◆ There are 307 males (48%);
- ◆ There are 330 females (52%).
- ◆ Literates in Rettamangalam are 369 (58%);
- ◆ There are 268 total Illiterates (42% ).
- ◆ Workers are 376 (59%).
- ◆ There are 261 Non Workers (41%).
- ◆ Further the children below 6 years of age are 67 of which 25 are males and 42 are females.

#### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT RETTAMANGALAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, In the past many others have despised our village because we are all dalit families and our main profession is snake catching and we have few families who are infected by leprosy. So we have never received any benefits from the government authorities. Because of this sickness our villagers were never allowed to even fetch water from common wells in other villages. We have had a very hard time to survive with small pond we had in our village and some times it also dries up. We can only say it this way.. Abba Drinking Water Project and its team came from God after hearing our prayers and cry.. The team prayed with us and expressed so much of compassion and they brought the drill machine in with two weeks and drilled a 130 meter deep bore well and erected a huge water tank and connected it to a electric pumping motor but only after the bore well was finished the team was shocked to know that our village never had electric connect atall. We thought the ABba team would give up but for our surprise they brought electricity authorities the next day to our village and the organization paid it to bring electric connection into our village all the electric wires and posts had to be brought from about 8 kilometers far away. So now our village has got double blessing one is the clean, fresh drinking water and the other electric connection which has brought light into our village. Thankyou Abba. May your mission continue to bring Hope, Light and future many more in the days to come.*

### ABBA DRINKING WATER TANK AT NEYYADIVAKKAM VILLAGE BENEFITS OVER 1360 PEOPLE.

Neyyativakkam is a village in the Uthiramerur taluk, Kancheepuram district, in the state of Tamil Nadu.

The population in Neyyativakkam village is 1,360 as per the survey of census by Indian Government.

- ◆ There are 666 males (49%)
- ◆ There are 694 females (51%).
- ◆ Literates in Neyyativakkam are 896 (66%).
- ◆ There are 464 total Illiterates (34%).
- ◆ Workers are 652 (48%).
- ◆ There are 708 Non Workers (52%).
- ◆ Further the children below 6 years of age are 140 of which 62 are males and 78 are females.

### LETTER OF THANKS WITH APPRECIATION FROM THE VILLAGE LEADERS

FOR THE FAVOURABLE INSTALLATION OF THE ABBA DRINKING WATER TANK AT NEYYADIVAKKAM VILLAGE:

*To the Directors of the Abba Drinking Water Project, Our village is big number of families and our village is also surround by sveral smaller villages. There are many children in our village. The water that we get from the government is just not sufficient enough. It is only twice a week we are allowed to get two buckets per family each time. Many at times that water is not even able to quench our thirst.*

*So we are not able to wash our clothes properly and also not able to take bath. As water for cleaning purpose has to be fetched from far away place. Due to this there are many skin diseases that is prevalent in our village.*

*Because of your great work of drilling the bore well we are all now able access clean and safe drinking water and also to keep ourselves clean and we are able to fulfill all our daily basic needs. After the bore well was installed we are getting good and clean drinking water. We never imagined that our situation would change. Thank you for helping us. God bless you.*

**THANKS TO ABBA DRINKING WATER PROJECT PARTNERS FOR MAKING IT POSSIBLE  
EVERYDAY OVER 100,000 VILLAGERS NOW HAVE FREE ACCESS TO CLEAN DRINKING WATER  
THANKS FOR SAVING HUMAN LIVES**
